The Falls of the Ohio Foundation offers Community Partnerships for businesses and organizations that want to help preserve and enhance the Falls of the Ohio, activate the Falls through unique community events, and support educational initiatives that connect us to the stories of our past.

Community Partnership Levels

For businesses and other organizations that prefer to support the Falls of the Ohio Foundation with visibility and benefits at all events and across our media platforms, a Community Partnership offers the best value. As a Community Partner a portion of your gift will be used directly for grants that help elevate this space, educate our community on its significance, and activate it in new ways. You'll also receive prominent recognition throughout the year on our website, eNewsletters, social media, and:
